IBM Ring 313, The John Fedko Ring
presents

Arthur Benjamin

You may have seen him perform in the Parlour of Prestidigitation at the Magic Castle or maybe on his presentations on TED Talks. Nonetheless, you know that Professor Arthur Benjamin, from Harvey Mudd University, has made a career out of using mathematical principles to create magic in the minds of magicians and laymen. Known as the *Mathemagician*, Arthur Benjamin will show you how to use your own powerful brain to create magic using numbers and their relationships to each other and to your mathematical mind.

Everyone is welcome; guest memberships are available for \$10.00.

Our meeting starts promptly at 7:00pm, doors open at 6:00 pm. We meet at the Community Meeting room at 15500 Sand Canyon Avenue in Irvine next door to the IRWD offices. We are near the highway 5 Sand Canyon off ramp.
